FRENCH LANGUAGE

Each elective course goes with a 10-hour french language class.
If you wish you can join up to 40 hours of French language!
Before your course starts, you will be tested to join
the appropriate group and enjoy live sessions.

This course aims to develop students' ability to demonstrate some understanding of the French language, as well as speak, read and write French with relative proficiency.

In small groups, students will gain fluency in French while increasing their knowledge of France.

Professors will help students to develop their communication skills through class discussions, one-on-one conversations, role plays and oral presentations with classmates.
