Course Information	https://www.sciencespo-lille.eu/sites/default/files/mobilite_entrante/international_exchange_students_course_catalogue_2025-2026.pdf
Course Selection/Procedure	The student will select her/his courses before arriving at Sciences Po Lille.

Our Academic programs	As international exchange student, they will be able to choose between 3 different programs Please note that all courses are graded separately and each provides a set number of ECTS which can be viewed in our courses catalogue. The courses catalogue for the following academic year is published in July. **Exchange students program** **Certificat d'Etudes Politiques (CEP)** **Certificate of European and International Studies (CEIS)**
Course Load per semester	All depends on the needs of the students. Please note that most of the courses are worth 4 ECTS, 5 ECTS or 6 ECTS.
Language of Instruction	A majority of courses are taught in French language. We propose enough English taught courses for students with no French to complete an entire semester (or academic year). We also offer a few Spanish-taught classes each semester.

Campus Facilities and accommodation	Our Institute is not located on a campus so we cannot provide/secure accommodation for students. But Lille is a great metropolis which offers many facilities and lodging for students. SPL proposes a housing platform which provides many options for exchange students: http://www.sciencespo-lille.com/housing-solutions
